Division H Conference & Speech Contests

Hertfordshire Speakers Toastmaster wins Mother Teresa International Award

At the Division H conference we learned from many members that have used their communication and leadership skills outside of Toastmasters. One of these was [Jillian Haslam](#), a member of Hertfordshire Speakers Club, who was recently awarded the prestigious Mother Teresa Memorial International Award for her Social and Humanitarian work in India.

Jillian uses her skills to speak up for those in extreme poverty, and make a difference to their lives. She is a TEDx speaker, published author and leads the charity [Remedia Trust](#). Jillian's award will be featured in the next edition of the District newsletter, so look out for that to learn more. Congratulations Jillian!
